At about ¼ mile, you'll see the new gated range entrance with this sign. Follow the new driveway in to the shooting range. If you've paid your current year dues, you should have received an email each spring with the padlock combination. If not, click "Webmaster" at the bottom of any page on the [itascagunclub.org](http://itascagunclub.org) website and email a note. When there's a public event going on, the gate is unlocked.
